September 2011

In the last four rounds we have seen some interesting results. We have had the likes of Darren Bartholomew absolutely destroying the field at Tanunda in very soggy, windy conditions with a fantastic 42pts only to follow it up 2 rounds later at The Pat with a 28pt NAGA effort in beautiful conditions. A similar story is to be told of one Brett Greenshields who was only 2 shots off the pace at McCracken only to copy Darren's efforts and slap out a dismal 16pt NAGA achieving game at Victor Harbor two rounds later. Calculous Leyland Jr on the other hand has been quite uncharacteristically consistent scoring well enough to get him a place in the top 6 thrice. Not to be outdone Wayne Best also got his name in lights three times as he gets his form up and running for his Club Championship defence.

Several great wins were witnessed in the last four rounds also, Darren Bartholomew's 42pt slaughter @ Tanunda, the honourable Sheep Shagger put in

a very solid round of 69nett at the difficult McCracken course to win himself the Cornes 4x4 Trophy, Mark Bryson shot an amazing 47pts at The Pat giving the handicapper plenty of work to do and last but not least we had Alan Hincks do what Colin Hincks can't (win a trophy round) with a great round of 38pts at Victor Harbor and collecting the Dinning Trophy for his efforts.

The 2011 Pairs Quarter finals were played at Tanunda. The four successful teams of Hilly & Willy, Craig & Darren, Oschy & Wally and Ol'Dave & Jr advanced through to the Semi Finals to be played at The Pat.

The 2011 Pairs Semi Finals saw Hilly & Willy turn up the heat on Craig & Darren to win 3&1 and grab themselves a chance of collecting their second Pairs Championship. The second game saw Ol'Dave & Jr destroy the hopes and dreams of Oschy & Wally with an emphatic 8&7 win to have them lock horns with Hilly & Willy in the Final round at

the Barossa Valley course come Sept 11th. Good luck to all !

Coming up next month we have the 2011 Ingle Farm Golf Club Championships to be played at Mt Barker, Gawler and Willunga. These three great courses will surely sort the men from the boys as they all demand fairway play, if you miss any fairway be sure to prepare to pay the price. Also don't be surprised if sadistic Captain Craig announces that the tee of play is blue in colour.

Just the thought of this years Championship ponders the question as to who has the ability and game to tame these three courses.

Personally I feel as though this could be the year for one of the lower handicappers to win despite what I was told by one of the local patrons (let's call him MrG) of the Clovercrest Hotel recently. MrG informed me that earlier on in the year he was having a drink with none other

than Frank Poser who told MrG that he was an unbackable favourite to take the title this year. Apparently they sell visions of grandeur by the pint at the Clovey now. Good luck Frank!!!

Murphy's Laws Of Golf

These are very, very accurate...

A two-foot putt counts the same as a two-foot drive.

Never wash your ball on the tee of a water hole.

There is no such thing as a friendly wager.

The stages of golf are Sudden Collapse, Radical Change, Complete Frustration, Slow Improvement, Brief Mastery, and Sudden Collapse.

The only sure way to get a par is to leave a four-foot birdie putt two inches short of the hole.

Don't play with anyone who would question a 7.

It's as easy to lower your handicap as it is to reduce your hat size.

If you really want to be better at golf, go back and take it up at a much earlier age.

If your driver is hot, your putter will be ice cold; if you can hit your irons, you will top your woods; if you are keeping your right elbow tucked in, your head will come up.

Progress in golf consists of two steps forward and ten miles backward.

One good shank deserves another.

It takes 17 holes to really get warmed up.

No golfer ever swung too slowly.

No golfer ever played too fast.

One birdie is a hot streak.

No matter how badly you are playing, it's always possible to play worse.

Whatever you think you're doing wrong is the one thing you're doing right.

Any change works for three holes.

The odds of hitting a duffed shot increase by the square of the number of people watching.

Never try to keep more than 30 separate thoughts in your mind during your swing.

The less skilled the player, the more likely he is to share his ideas about the golf swing.

Confidence evaporates in the presence of fairway water.

It takes considerable pressure to make a penalty stroke adhere to a scorecard.
